

The Auditor General  
National Audit Office  
Notre Dame Ravelin Street  
Floriana

Dear Auditor General,

**Reply to Management Letter for the Financial Year ending 31<sup>st</sup>  
December 2024**

- 2.1& 2.2 This is standard practice at Marsaskala Local Council and we have been doing so for the past 12 years
- 3.4 Point noted. The balances are correct. In the case of ARMS these were overpayments due to bills presented where the reading was an estimate.
- 3.6 Point noted although the council regularly sends to suppliers and contractors for updated statements and invoices

We would like to thank the auditors who carried out their work in a professional manner and tackled most issues during the audit visit.
